Re: Trunkline Gas Company, LLC
Docket No. RP24-_____
Non-Conforming Agreement with Negotiated Rates

Dear Ms. Reese:

Trunkline Gas Company, LLC ("Trunkline") hereby electronically submits for filing with the Federal Energy Regulatory Commission ("Commission") the following revised tariff records to its FERC NGA Gas Tariff, Original Volume No. 1-A ("Tariff"), proposed to become effective September 1, 2024:

<u>Version</u>	<u>Description</u>	<u>Title</u>
6.0.0	Table of Contents	Filed Service Agreements
0.0.0	Contract No. 38447	Peoples Gas System, Inc.
0.0.0	Exhibit A	Contract No. 38447
0.0.0	Exhibit B	Contract No. 38447
0.0.0	Exhibit C	Contract No. 38447

STATEMENT OF NATURE, REASONS AND BASIS

The purpose of this filing, made in accordance with Sections 154.1(d) and 154.112(b) of the Commission's Regulations, is to file an executed copy of a Rate Schedule FT non-conforming service agreement with Peoples Gas System, Inc. ("PGS"), Contract No.38447.

The term of the PGS service agreement, as detailed in Article 2 of the service agreement, contains an Extension Option that deviates from the contract extension provisions in the General Terms and Conditions of Trunkline's tariff. PGS requested the extension options, two consecutive 4-year extension options to extend beyond the primary term, which shall be exercised by PGS providing notice to Trunkline one year prior to the expiration of the primary term or the first extension option if applicable, in order to meet their projected demand needs. Trunkline requests that the Commission find the non-conforming extension option to be a permissible material deviation as it does not present a risk of undue discrimination, does not affect the operational conditions of providing service, and does not result in any customer receiving a different quality of service.

The service agreement filed herein also includes negotiated rates as detailed in the Exhibit C associated with the contract. The proposed tariff records provide the requisite information for negotiated rates, including the name of the shipper, the negotiated rates, the type of service, the receipt and delivery points as well as the term applicable to the negotiated rates and the volume of gas to be transported under the negotiated rate agreement.

Appendix A attached hereto reflects the PGS executed service agreement as compared to the Rate Schedule FT form of service agreement in Trunkline's Fourth Revised Volume No. 1 Tariff. Besides the extension options provision, Appendix A also contains miscellaneous non-conforming

provisions that are redlined. These miscellaneous non-conforming provisions do not arise to being material deviations and, in any event, do not present a risk of undue discrimination, do not affect the operational conditions of providing service, and do not result in any customer receiving a different quality of service. These provisions include:

- Exhibit A (Primary Points of Receipt) lists the various Primary Points of Receipt for the Maximum Daily Receipt Obligation ("MDRO") of 25,000 Dth/d with their corresponding meter numbers rather than including the Location, County and State details or the Description of the Facilities.
- Exhibit A (Primary Points of Delivery) lists the Primary Point of Delivery for the Maximum Daily Delivery Obligation ("MDDO") of 25,000 Dth/d including the location details with the meter number but omits the Description of the Facilities.

Concurrent with this filing, Trunkline is submitting a tariff record in its Fourth Revised Volume No. 1 Tariff to list the agreement filed herein on the tariff record GT&C Section 26. Non-Conforming Agreements.

IMPLEMENTATION AND WAIVER REQUEST

Pursuant to Section 154.7(a)(9) of the Commission's Regulations, Trunkline requests that the proposed tariff records submitted herewith become effective September 1, 2024, the effective date of the new non-conforming service agreement. Trunkline respectfully requests that the Commission grant waiver of Section 154.207 of the Commission's Regulations and any other waivers of its Regulations that it deems necessary to allow the proposed tariff records in this filing to become effective on September 1, 2024.

CONTENTS OF THE FILING

This filing is made in electronic format in compliance with Section 154.4 of the Commission's Regulations. One proposed tariff record in RTF format and four tariff records in whole document format with metadata attached are being submitted as part of an XML filing package containing the following:

- A clean copy of the proposed tariff records in PDF format for publishing in eLibrary;
- A marked version of the proposed tariff changes in PDF format;
- Appendix A containing a marked version of the executed service agreement compared to the form of service agreement for Rate Schedule FT in Trunkline's Fourth Revised Volume No. 1 Tariff; and

FORM OF SERVICE AGREEMENT

CONTRACT NO. 38447

THIS AGREEMENT is made effective as of the 1st day of September 2024, by and between:

TRUNKLINE GAS COMPANY, LLC, (hereinafter called "Trunkline"), a Delaware Limited Liability Company,

and

PEOPLES GAS SYSTEM, INC.

(hereinafter called "Shipper").

Shipper represents and warrants that Shipper conforms to the requirements of 18 C.F.R.

Section 284.102(284B - Intrastate Pipelines or Local Distribution Companies) X
Section 284.221 (284G - Interstate Pipelines and Others)

In consideration of the mutual covenants and agreements as herein set forth, both Trunkline and Shipper covenant and agree as follows:

ARTICLE 1 - SERVICE

Trunkline agrees to receive at the Points of Receipt and deliver at the Points of Delivery, on a firm basis, Quantities of Natural Gas up to the daily Quantity (Dt), which shall constitute the Maximum Daily Quantity, stated on Exhibit A.

The Maximum Daily Quantity is stated in delivered Quantities, for which received Quantities must be adjusted for fuel usage and lost or unaccounted for Gas as set out in the then-effective, applicable rates and charges under Trunkline's Rate Schedule FT.

Exhibit A hereto states the Points of Receipt and Points of Delivery. Exhibit A may be revised from time to time by written agreement between Trunkline and Shipper and, as may be revised, is by this reference incorporated in its entirety into this Agreement and made an integral part hereof. Shipper's Maximum Daily Quantity shall be assigned among the primary Points of Receipt set out on Exhibit A, as well as among the primary Points of Delivery set out on Exhibit A. Such assignment may be changed, subject to the availability of capacity, in accordance with the General Terms and Conditions.

ARTICLE 2 - TERM

Trunkline shall provide firm Transportation service for Shipper pursuant to this Agreement for the term stated below.

The primary term shall be from September 1, 2024 through August 31, 2032 (the "Primary Term"). Shipper shall have two consecutive 4-year extension options to extend beyond the Primary Term herein (each an "Extension Option"), which shall be exercised by Shipper providing notice to Trunkline one year prior to the expiration of the Primary Term or the first Extension Option if applicable.

ARTICLE 3 – RATES AND CHARGES

For the services provided or contracted for hereunder, Shipper agrees to pay Trunkline the then-effective, applicable rates and charges under Trunkline's Rate Schedule FT filed with the Commission, as such rates and charges and Rate Schedule FT may hereafter be modified, supplemented, superseded, or replaced generally or as to the service hereunder. Trunkline reserves the right from time to time to unilaterally file and to make effective any such changes in the terms or rate levels under Rate Schedule FT and the applicability thereof, the General Terms and Conditions or any other provisions of Trunkline's Tariff, subject to the applicable provisions of the Natural Gas Act and the Commission's Regulations thereunder.

From time to time Shipper and Trunkline may agree in writing on a level of discount of the otherwise applicable rates and charges hereunder pursuant to the effective applicable provisions of Rate Schedule FT and subject to the Regulations and Orders of the Commission. For example, Shipper and Trunkline may agree that a specified discounted rate shall apply: (a) only to certain Quantities under this Agreement; (b) only if specified Quantity levels are actually achieved or only with respect to Quantities below a specified level; (c) only during specified time periods; (d) only to specified Points of Receipt, Points of Delivery, mainline segments, transportation paths or defined geographical areas; (e) in a specified relationship to the Quantities actually transported (i.e., that the rates shall be adjusted in a specified relationship to Quantities actually transported); or (f) based on published index prices for specific receipt or delivery points or other agreed upon pricing reference points for price determination (Such discounted rate may be based on the published index price point differential or arrived at by formula. Any Service Agreement containing an index based discount will identify what rate component is discounted. To the extent the firm reservation charge is discounted, the index price differential rate formula shall be calculated to state a rate per unit of Maximum Daily Quantity.); provided, however, that any such discounted rate set forth above shall be between the Maximum Rate and Minimum Rate applicable to the service provided under this Agreement. In addition, the discount agreement may include a provision that if one rate component which was at or below the applicable Maximum Rate at the time the discount agreement was executed subsequently exceeds the applicable Maximum Rate due to a change in Trunkline's Maximum Rates so that such rate component must be adjusted downward to equal the new applicable Maximum Rate, then other rate components may be adjusted upward to achieve the agreed overall rate, so long as none of the resulting rate components exceed the Maximum Rate applicable to that rate component. Such changes to rate components shall be applied prospectively, commencing with the date a Commission order accepts revised Currently Effective Rates. However, nothing contained herein shall be construed to alter a refund obligation under applicable law for any period during which rates which had been charged under a discount agreement exceeded rates

which ultimately are found to be just and reasonable. Any discount shall be effective only on a prospective basis and as specified in the written agreement between Trunkline and Shipper.

From time to time Shipper and Trunkline may agree to a Negotiated Rate for a specified term for service hereunder. Provisions governing such Negotiated Rate and term shall be set forth on Exhibit C to this Service Agreement.

ARTICLE-4 - FUEL REIMBURSEMENT

In addition to collection of the rates and charges provided for in Article 3, Trunkline shall retain, as Fuel Reimbursement, the percentage of the Quantities received from Shipper hereunder, as provided pursuant to Rate Schedule FT.

ARTICLE-5 - GENERAL TERMS AND CONDITIONS

This Agreement and all terms for service hereunder are subject to the further provisions of Rate Schedule FT and the General Terms and Conditions of Trunkline's Tariff, as such may be modified, supplemented, superseded or replaced generally or as to the service hereunder. Trunkline reserves the right from time to time to unilaterally file and to make effective any such changes in the provisions of Rate Schedule FT and the General Terms and Conditions, subject to the applicable provisions of the Natural Gas Act and the Commission's Regulations thereunder. Such Rate Schedule and General Terms and Conditions, as may be changed from time to time, are by this reference incorporated in their entirety into this Agreement and made an integral part hereof.

ARTICLE-6 - CANCELLATION OF PREVIOUS CONTRACTS

This Agreement supersedes, cancels, and terminates, as of the date(s) stated below, the following Agreement(s) (if any) with respect to the Transportation of Natural Gas between Trunkline and Shipper:
